Radpmda Vaught

**Re: Disposition of Complaint No.**

Dear Ms. Vaught,

Thank you for the work you have done with us through this necessary process. A complaint, which was filed against you, was forwarded to the Board Consultant for disposition after investigation. After a review by the Board's Consultant and a staff attorney for the Tennessee Department of Health, a decision was made that this matter did not merit further action.

The purpose of this letter is to inform you of the outcome. This is not a disciplinary action, and no record of it will appear in your licensure file.

As you can appreciate, this Office has the statutory duty to investigate any allegation received against a practitioner licensed and/or certified under Title 63 of the Tennessee Code Annotated. The purposes for the investigative process are to maintain the administration and enforcement of the laws regulating your practice and to ensure that the citizens of Tennessee receive good quality health care from all practitioners.

Please accept our sincere appreciation for your cooperation in the resolution of this matter.

Sincerely,

Antoinette Welch, Esq.  
Director Office of Investigations  
Tennessee Department of Health

AW: bc
